

Millicent Marimo Profile

Millicent has over 3 years of experience in the banking and fintech industry with extensive Institutional and ICT project portfolios as well as experience managing large, complex development projects. She began her career as a digital disruptor and evolved into positions including Technology services business analyst, PMO Strategy Analyst, and Lead Business Analyst for notable banking institutions. Due to her strong communication, commitment and client service skills she has won several awards and was recently awarded Exceptional Customer Service in August 2020.

In her role as a Lead Business Analyst at Old Mutual, Millicent fosters an environment of teamwork and ensures that strategy is clearly defined while overseeing performance and maintaining team morale.

Millicent is PMP certified practitioner as well as certified Scrum Master. She holds a BTECH Hons degree in Computer Science with Harare Institute of Technology.

Besides her corporate profile, Millicent is also a certified professional Chef Patisserie and owner of graced confections.
